

The purpose of the Agoura High School Site Council (SSC) is to assist in the continuing development of a strong instructional program, to improve the learning environment in the classroom, to maintain a safe and orderly campus climate, and to facilitate the Mission Statement of Agoura High School.

"The mission of Agoura High School is to promote a positive learning environment, with evidence of high expectations and a commitment to encourage student pride and achievement."

The SSC must also develop an annual School-Based Coordinated Program, to evaluate and modify the program plan when necessary, and to dispense State-allocated School Improvement Funds where needed.

The membership of the SSC includes the Principal, four certificated teachers elected by the faculty, one classified representative elected by the classified employees, three parents elected by the parents/guardians of AHS students, and three student representatives.

The SSC meets at a minimum of five times per academic year, on a weekday, after school, from 3:05 to 5:00 PM, and the meetings are open to the public.

Terms of office are two years (except for the Principal and students), and members may serve for no more than two consecutive two-year terms. Parents must have at least one student enrolled at AHS during the entire length of the elected parent's term. If you are interested in being part of the School Site Council, please contact the PFC president.
