

EXPOSITORY PARAGRAPH CONCLUSION MODEL

(under construction)

The following model uses the technique of "Echoing the Introduction." Here the student alludes to the Interest Creating Device at the paper's beginning. First, read the opening of her essay:

. . . At the end of this essay, note how the student crafts a conclusion that "echoes" the I.C.D., expanding and deepening her introduction:

. . . Such an "echoing/deepening" conclusion ends the entire paragraph by enriching it. Whatever your concluding device, it should go beyond summary, if possible, and make the whole paragraph more significant.
